Official Statement of Price Increases

Beginning March 1st 2024, Buffer Creek Sporting Clays, Inc. will be adjusting target prices according to the table below. White Flyer, which was recently acquired by Winchester, announced target price increases for the 2024 season. These increases are expected to be around 10% of current prices. To offset these increases along with other increasing costs of operation, we have chosen to adjust our pricing accordingly for the 2024 shooting season. Target prices have increased almost 50% over the past 4 years which is unprecedented in our industry, making price increases unavoidable. These changes will affect daily rates and prepaid packages. Cart rentals, gun rentals, ammunition, memberships, and meals will be unaffected although ammo prices will always adjust according to the market. Prepaid packages and gift certificates may be purchased both in person and over the phone at the current rates until March 1st. We hope that our customers, many of whom we consider as friends, understand the necessity of these changes to continue operation. If you have any questions regarding these changes and/or would like to purchase a package or gift please don't hesitate to contact us.

Member (100 Targets)	\$40
Non-Member (100 Targets)	\$45
Prepaid Packages	
500 Targets	\$175
1000 Targets	\$350
2000 Targets	\$700

*Event pricing will follow our updated event pricing sheet which is available upon request
