ABOUT US:
Fayette County Firefighters Association, a 501c3 corporation, was organized in 1939 with the dedication of training firefighters in the county at its state certified firefighter training facility on Duck Hollow Road. With your help funds from this even will help us off set our costs of our annual training along with our annual essay contest held throughout the county; and for that we say Thank You!

CLAY SHOOT DETAILS:
Buffer Creek will supply guns for your use at an additional cost, but you are encouraged to bring your own gun. The challenging course will offer you the opportunity to shoot at 100 targets.
